FAST BREAKING UP

Filipino Insurrection Will Soon Have No Leaders At This Rate.

NUMEROUS SURRENDERS

Gen. Gueverra, Lukban's Successor, With His Entire Force Gives Up to Gen. Grant.

Among Those Coming Into the Fold Were 3,000 Bolomen—Ruto Also Tired of Fighting.

Manila, April 28.—General Frederick D. Grant's expedition in the gunboats Baseo and Florida, several steam launches and native lighters, has ascended the Gandara river in the Island of Samar and has brought the insurgent leader Guevarra and his entire command down the coast. Guevarra's command consist of Rafael Sevastian, Abaki and 38 other officers, 189 men and 161 rifles.

GENERAL FREDERICK D. GRANT.

Three hundred insurgents with 131 rifles are expected to arrive at Catbalogan, Samar, today, to surrender formally to the American authorities.

Three thousand bolomen, 28 of them armed with rifles, surrendered Saturday at Sulat, also in Samar. Guevarra succeeded Lukban to the command of the insurgent forces in Samar when the latter was captured last February. He announced his intention to surrender last March.

Captain L. W. V. Kennon of the Sixth infantry reports from the Island of Negros the surrender of the Ladrone leader Rufo, with 158 officers and men of his command, together with 12 guns, 140 bolos, seven spears and a few revolvers and daggers. Captain Kennon says this surrender means the opening up of the whole of the southern coast of the Island of Negros. After Papa Isio, Rufo was the most important Ladrone chief on the island. He promises to force Papa Isio and his few remaining followers to surrender. Papa Isio was appointed a colonel in the insurgent army by General Malvar, one year ago.

A GLOWING TRIBUTE

Gov. Wright, Who Ought to Know, Has High Praise for Army.

Manila, April 28.—At a farewell banquet here to the officers of the Ninth infantry, Acting Civil Governor Luke E. Wright paid a glowing tribute to the military forces. He said the army, under circumstances of surprising difficulty, had paved the way for the work of the civil authorities, and that only a few cases of friction between the two branches of government had occurred. He said that General Chaffee, whose opinion might at times have differed from those of the civil authorities, had been a most loyal supporter of civil rule.

Replying to Civil Governor Wright General Chaffee said that the officers of the army knew that their duty to the country demanded their utmost efforts to sustain the civil authorities, and to suppress the rebellion.

Boston's Quiet Sunday.

Boston, April 28.—There was a very general compliance with the police order enforcing the "blue laws" yesterday. A few fruit dealers in the tenement districts are reported to have made some sales, and if these can be proven the violators will be prosecuted. The Sunday laws were more strictly enforced than a week ago, and even newsboys were driven from the streets at noontime, making the day an extremely quiet one for Boston.

Delary Moving Around.

London, April 28.—Cabling from Johannesburg, a correspondent says that General Delarey with his staff has arrived at Klerksdorp, Transvaal. Special dispatches received from Pretoria show that General Delarey had been in consultation with his commando two days previously, and that the other Boer leaders are still moving about consulting with the burghers. From this it is inferred that the prospects for peace are improving.

Wants $50,000.

San Francisco, April 28.—Andrew W. Lyons, formerly an acrobat, has brought suit in this city against E. W. Crellin, husband of Camille d'Arville, the opera singer, for $50,000 for the alienation of his wife's affections. In his complaint Lyons alleges that he was the former husband of Mrs. Crellin who in 1900 obtained a divorce in Chicago without Lyons' knowledge and subsequently married Crellin. Mrs. Crellin is now in Brooklyn.

MAY FIND THE CHILD

Gov Nash Said to Have Clue to Kidnapped Margaret Taylor.

Cincinnati, April 28.—The kidnapping of little Margaret Taylor, babe of Mr. and Mrs. A. V. Taylor, has agitated this city and vicinity for months. It has involved prominent families in Cincinnati, Columbus and elsewhere. The grandmother and the aunt of the child, Miss Francis Taylor, were sentenced to the penitentiary for assisting in the kidnapping and refusing to give the court knowledge of the whereabouts of Margaret, who is said to have been taken away from the city by another aunt, Miss Clara Taylor. The Taylors are highly connected in Columbus. When Miss Francis Taylor and her mother were taken to Columbus for imprisonment, they were reprieved and are being entertained by relatives in that city. Meantime the newspapers of Cincinnati, benefit performances and other instrumentalities have been raising funds to return Margaret Taylor to her parents and punish the kidnappers. Last night Prosecutor Hoffheimer allayed public feeling on his return from Columbus by announcing that Governor Nash had a clue to the whereabouts of Margaret, and that he hoped soon to recover the child. Women's clubs here and elsewhere have adopted resolutions against the reprieve, and sensational developments are expected this week, whether the governor finds the lost child or not.

TRAMP CREMATED

Disastrous Freight Wreck On Grand Rapids & Indiana.

Kalamazoo, Mich., April 28.—A disastrous freight wreck occurred here Sunday evening on the Lake Shore & Michigan Southern railroad. One man lost his life and the property loss is estimated at $50,000. An extra freight northbound broke in two on a grade two miles south of the city and the two sections collided near the Grand Rapids & Indiana railroad crossing. Twenty cars left the track and piled up on either side of it. The contents of an oil car took fire and exploded, and four cars on the adjoining Grand Rapids & Indiana track and a blacksmith shop were destroyed. The badly burned body of a man supposed to have been a tramp was found after the flames had been extinguished. None of the train crew was injured.

Murder In a Church.

Hazelton, Pa., April 28.—Michael Cherko, aged 38 years, was murdered about a hundred feet from the Greek Catholic church at Freeland Sunday morning during the progress of the Greek Easter service. George Smith is under arrest charged with having committed the crime. It is alleged that Smith, upon entering the church, failed to remove his hat and when requested to do so by Cherko, one of the trustees, drew a black-jack and assaulted Cherko. The latter ran out the door, followed by Smith. Cherko had not gone far when Smith, drawing a revolver, shot him through the back, death being instantaneous. Friends of the dead man overpowered Smith and took him to the station house. The services came to an abrupt termination amid great excitement.

Memphis Entertains Schley.

Memphis, Tenn., April 28.—Rear Admiral and Mrs. W. S. Schley arrived in Memphis last evening, and were at once driven to their rooms at the Gayoso hotel. Admiral Schley will be the guest of the city until Wednesday night, when he will visit several cities in Mississippi.

Will Call Upon Congress.

New York, April 28.—The Central Federated Union has adopted resolutions calling upon the American Federation of Labor to assist in urging congress to remove the tax on foreign meats until such time as the price of domestic meats is reduced.

Coroner Lost Out.

Seattle, Wash., April 28.—Will Price and Bernard Sutter were killed by an explosion of dynamite at Issaquah. There was not enough of Sutter's remains left to hold an inquest. The cause of the explosion is not known.

Rush of Prospectors.

Guthrie, O. T., April 28.—Copper ore said to be in paying quantities has been discovered in the Wichita mountains near Mountain Park, and there has been a rush of prospectors to the new field.

Monks' Heavy Loss.

Ebensburg, Pa., April 28.—Sunday afternoon shortly after 12, the monastery of the Benedictine Brothers at Carrolltown burned to the ground, with all its contents, incurring a very heavy loss.

Astor to Get a Title.

London, April 28.—Latest official report has it that William Waldorf Astor will be created Baron Cliveden of Taplow next month.

Russiaville Fire Loss.

Russiaville, Ind., April 28.—The Methodist church and Redmen's temple here burned Sunday. Loss, $25,000.

BUSINESS SESSION

Congress Is Showing That It Can Transact Business With Dispatch.

AN UNUSUAL SHOWING

Seldom Have Appropriation Bills Been So Well Advanced At a Long Session As This Year.

What Is On For the Week to Engage the Attention of National Legislators.

Washington, April 28.—There is a miscellaneous program ahead for the house this week. Today the special rule for consideration of the omnibus public building bill was brought in and passed, and the remainder of the day is being devoted to District of Columbia business. Tuesday the omnibus bill will be passed. Wednesday consideration of the agricultural appropriation bill will be resumed, and after it is disposed of the District of Columbia appropriation bill will be taken up and probably passed before the end of the week. With its passage only two appropriation bills will remain to be acted on by the house—the naval and general deficiency bills. Seldom have the appropriation bills been so well advanced at a long session of congress as they are this year.

IN THE SENATE

The Week Will Be Largely Devoted to Mere Oratory.

Washington, April 28.—The plans of the senate for the week do not extend beyond the continuation of the debate on the Philippine government bill and the consideration of minor matters when there is no one prepared to speak on the Philippine bill. There is no prospect thus far for speeches in support of that measure, and consequently all the talk bids fair to continue to be on the negative side of the question. Up to the present time the speeches all have been made by minority members of the Philippine committee, but it is stated that other Democratic senators have promised to lift their voices in opposition to the bill, among them being Messrs Turner, Clay and Simmons. Senator Hoar also has made known his intention to speak on the bill, but it is not expected that he will be heard during the present week.

In the committees the inquiries into the sugar question as related to Cuba and into General Crozier's connection with gun carriage inventions, probably will be begun. The committee on the Philippines also will proceed with its investigation into the condition of affairs in the Philippines.

J. STERLING MORTON

Former Secretary of Agriculture Dead At Lake Forest.

Chicago, April 28.—Hon. J. Sterling Morton, former secretary of agriculture, died at 4:30 o'clock Sunday afternoon at Lake Forest at the home of his son, Mark Morton. For several weeks Mr. Morton had been gradually

J. STERLING MORTON.

failing. The nature of his sickness had not been determined, and a week ago he was brought from his home at Nebraska City, Neb., to Lake Forest for medical attendance. The change brought no improvement and he failed gradually until death came.

The interment will be at Nebraska City. A special train bearing the remains of Mr. Morton and members of his family and friends, will leave Lake Forest at 4 o'clock Tuesday afternoon for Nebraska City.

Bloodshed In Church.

Nacogdoches, Tex., April 28.—A double killing occurred at Palestine church three miles west of this city. After a heated argument Else Clifton pulled his pistol and shot Jim Clevlinger in the chin, the bullet passing through his head, killing him instantly. Then someone shot Clifton through the heart. He died without speaking.

Shot At Sunday Dance.

Princeton, Ind., April 28.—Louis Russell, colored, shot and instantly killed Perry Stout, colored, Sunday, at a dance. Russell was captured and pulled from his hiding place in a treetop.

Cardinalate Hints.

Rome, April 28.—It is believed in vatican circles that Archbishop Corrigan is to be created a cardinal at the May consistory, together with Archbishop Beguin of Quebec.

A NOTABLE EVENT

Indiana Republicans Celebrate Grant's Birthday.

Indianapolis, April 28.—The banquet at the Columbia club Saturday night in celebration of Grant's birthday was indeed a notable event. Over 200 prominent Hoosiers sat around beautifully decorated tables and listened to

JOHN L. GRIFFITHS.

eloquent speeches by Representatives Cousins of Iowa, Sherman of New York, Blackburn of North Carolina, and Judge Peter S. Grosscup of Chicago. The menu was elaborate and all that could be desired. John L. Griffiths, the well-known orator, was toastmaster for the occasion. The club intends to follow the line of other prominent Republican political and social organizations throughout the country by celebrating each year the anniversary of some notable American statesman.

David E. Sherrick was the biggest man in Noblesville Saturday night, when his fellowtownsmen and fellow-Republicans from throughout Hamilton county gave a banquet in his honor celebrating the victory he won in the Republican state convention last week when he was nominated for auditor. It was the happiest gathering of politicians that could could be imagined for Hamilton county, where a large number of Republicans are as a rule looking for someone's scalp. But party differences were hid during the ratification, as it is the first time in many years that Hamilton county has obtained a good place on the state ticket. It is said that Sherrick is the only candidate in Hamilton county that ever had such loyal support of his own delegation. Sherrick says he is proud of the fact that his "home folks" stood by him so royally. He is rereceiving letters and telegrams of congratulation from one end of the country to the other. The morning after the convention he had telegrams from San Francisco, from New York and from Portland, Ore., where some of his old personal friends have for more than four years been watching his efforts to win the prize that is now his. It is no discredit to the other candidates to say that there was more sentiment for Sherrick in the convention than for all the others, owing to adversities under which he labored to land the nomination.

Arrangements are now being completed for the dedication of the soldiers' and sailors' monument May 15. The prospects are that there will be a tremendous crowd, as the G. A. R. encampment, the Indiana national guard encampent, and the annual meeting of the Loyal Legion will be held the same week. This ought to bring the largest crowd together the city has ever entertained. A great platform is now being erected at the north side of the monument where the exercises will be held. Invitations have been extended to President Roosevelt and many noted men throughout the country to attend, and it is probable that some of them of national prominence will be present.

Strike Broken.

South Bend, Ind., April 28.—The backbone of the strike of the employes of the Singer Manufacturing company has been broken, and although the strikers' executive committee did its best to prevent the crushing blow, there is no doubt that all of the 1,700 men will soon be working in the Singer shops. The blow which caused the break in the strike, now 10 weeks old, was the payment of the 600 men who had returned to work, nearly all of the men having their wages increased from 25 to 50 cents per diem.

French Elections.

Paris, April 28.—Paris has not elected a single ministerialist to the chamber of deputies. Eight nationalists, six anti-ministerialist socialists, four anti-ministerialist Republicans, and three conservatives were returned. It was the worst defeat the government has ever sustained in Paris.

Charged With Murder.

Hammond, Ind., April 28.—Arthur Moyer, who lives near Lowell, has been jailed for alleged murder of his employer, Douglas Craft, a wealthy farmer. Moyer asserts that Craft shot him and then committed suicide.

Boy's Fatal Collision.

Clinton, Ind., April 28.—Albert, the 15-year-old son of Herman Schultzel, was killed while riding his bicycle by a collision with a buggy.

Wreck at Princeton.

Princeton, Ind., April 28.—In a freight wreck Sunday on the Southern railway, James Rea of Knoxville, Tenn., was fatally injured.

EXCURSION WRECK

Many Passengers Get a Shaking Up On Grand Rapids & Indiana.

RAN INTO A FREIGHT

Six Miles From Home a Train of Ft. Wayne Excursionists to Rome City Takes the Ditch.

While No One Was Killed Many Were Hurt, Some of Them Quite Seriously.

Fort Wayne, April 28.—The regular Sunday excursion train on the Grand Rapids & Indiana railroad between this city and Rome City, Ind., collided with a freight train at Wallen, six miles from here, about 9 o'clock last night. Two coaches were overturned and about 35 passengers were badly shaken up and four were seriously though not fatally injured. A relief train with a number of physicians was sent to the scene of the wreck from this city, and the injured were brought to Fort Wayne.

BROWN COUNTY ASSAULTS

Authorities Are Moving Earnestly In Investigation of the Cases.

Nashville, Ind., April 28.—Excitement continues to run high concerning the recent mob violence upon Caldwell and Stretchberry, both residing in the west part of Brown county, and while the facts have not yet been established in the courts, some important and serious disclosures are coming to the front. This is especially true with reference to the assailants of Stretchberry, since two of his neighbors are openly accused of having been parties to the crime. The grand jury is now in session and will thoroughly investigate these outrages, and it is believed that at least a part of the guilt will be located and punishment meted out.

Deadly Saloon Brawl.

Muncie, Ind., April 28.—In self-defense Sunday evening Harry Kern, 21 years old, shot James L. Tartar, aged 26, and the latter is dying at the hospital with a bullet through his right lung. The men were at the Oland saloon, in the suburb of Whitely, quarreling, when Tartar said: "I am from Kentucky," drew a revolver and shot twice. The second ball plowed a furrow along Kern's right side just under the skin. Kern then pulled his revolver and shot Tartar. Kern is in jail.

Had to Lie Down.

Brazil, Ind., April 28.—A serious assault was made on an interurban car near Seeleyville by a body of strike sympathizers. They began shooting and throwing rocks through the windows of the car. Those in charge of the car returned the shots, one of which hit a man named Sonebers in the jaw, inflicting a serious wound. The passengers lay down on the floor of the car to escape injury.

Baby Left Alone.

Martinsville, Ind., April 28.—The 3-year-old daughter of Mr. and Mrs. Jacob Neely, living five miles east of this city, was burned to death. Mrs. Neely was alone with the child and went out to get some water. When she returned she found the little girl dead on the kitchen floor. The body was horribly burned. It is not known how the baby caught fire.

Death Due to Fright.

Winamac, Ind., April 28.—Ismer James, aged 47 years, a farmer, is dead from fright. While at work on his farm he came across a nest of vipers, of which he had the greatest terror. The shock was such that he hurried to his home and before medical aid arrived he died.

Wind Was Too Strong For Him.

Alexandria, Ind., April 28.—Henry Tirge was found dead in Little Pipe creek. He was 68 years old. He was quite feeble and in walking close to the bank of the creek he is supposed to have been caught by the strong wind that was blowing and to have been hurled down the bank.

New Seminary Plans.

La Porte, Ind., April 28.—Arrangements are under way for the establishing here of a young ladies' seminary, the school to open next fall, with Miss Alice May Youse, now at the head of Shaftesbury college, Baltimore, as the principal.

Ill Health the Cause.

Scottsburg, Ind., April 28.—Rufus A Johnson committed suicide by shooting himself in the heart with a revolver. Johnson was marshal of this town and one of its most respected citizens. Ill health was the cause of the act.

Girl Burned.

Flora, Ind., April 28.—Freda, the 12-year-old daughter of Jerry Murphy, near this city, was fatally burned. While preparing breakfast her clothing caught fire and before being rescued she was frightfully burned.

Thrown Into a Ditch.

La Porte, Ind., April 28.—William Buck, aged 50, was thrown into a ditch by his buggy tipping over, and drowned in the water which filled the ditch.

THE AGREEMENT

How J. P. Morgan and German Steamship Lines Combine.

Hamburg, April 28.—An official statement of the terms of the agreement between the German steamship lines and the syndicate formed by J. P. Morgan is published here. The agreement between the Hamburg-American Packet company and Mr. Morgan, it appears, was concluded last March.

Under the agreement it is claimed the German lines have preserved their independence in every respect. The syndicate is bound not to send a ship to any German harbor without permission of the German lines, which in turn bind themselves not to increase their present traffic from England to the United States beyond a certain fixed point. Many other clauses in the agreement aim at preventing competition between the syndicate and the German lines. Neither may acquire shares in another, but they are to mutually support each other by chartering steamers or otherwise in fighting competing third parties.

A committee is to be formed consisting of two representatives of the syndicate and two representatives of the German lines, for the settlement of all questions concerning their mutual interests. This committee will have no executive power, and any differences in construing clauses of the agreement must be submitted to arbitration. The duration of the agreement is limited to 20 years, but either may terminate it after ten years, or demand a revision of the contract and withdraw if revision is refused.

BADLY TORN UP

Conditions In Russia Point to Widespread Revolt.

St. Petersburg, April 28.—The peasants in the Poltava and Kharkoff provinces, where 18,000 are reported to be participating in riots, have already sacked 80 estates, where they destroyed everything they could not carry off. The whole region is terrorized, and land owners and stewards are fleeing for safety. The fear is increasing that Kharkoff and other towns will be attacked. Some of the authorities are showing weakness and pusillanimity, while others are cruelly vigorous and are causing wholesale floggings of persons arrested.

The agitation at Moscow is so serious that the czar has relinquished his intention of spending the Russian Easter there. The ministers, including M. De Witte, the minister of finance, continue to receive letters threatening them with death.

Storm Causes Two Deaths.

Pittsburg, Pa., April 28.—The windstorm of almost cyclonic proportions which prevailed in this city during all of Saturday and the greater part of Sunday was followed by much destruction of property and was the cause of the loss of at least two lives. As a Cumberland accommodation train on the Baltimore and Ohio was approaching the city the engine was thrown from the track and overturned by the roof of a freight car standing on a siding being blown in front of it. Edward G. Sporrow, the fireman, was caught under the wreck and so badly scalded that he died shortly afterward. An Italian was crushed to death by an oil derrick being blown over on him.

A Domestic Tragedy.

Pittsburg, Pa., April 28.—Michael Conley, a structural steel worker, last evening kicked his mother-in-law, Mrs. Catharine McGoldrick, down a flight of stairs, killing her almost instantly. When arrested Conley said Mrs. McGoldrick came into his home just as he struck his wife in the face with his fist. The mother-in-law interfered in the quarrel and struck him on the head with a brick. She then left the room and as she stood at the head of the stairs Conley kicked her. In the fall the woman's neck was broken.

WHY?

Why do women continue to endure suffering caused by womanly diseases?

There are many answers to that question. Sometimes because they have exhausted the skill of local physicians and remain uncured. At other times it is because they shrink from submitting to obnoxious examinations which local physicians deem necessary. And to sum it all up, they endure suffering because they do not know that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well.

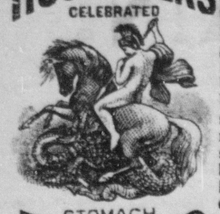

"Favorite Prescription" establishes regularity, dries disagreeable drains, heals inflammation and ulceration and cures female weakness.

"I enjoy good health; thanks to Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,'" writes Mrs. J. J. Schnetyer, of Pontiac, Livingston Co., Ill. "I was taken sick and the doctors here called it 'Grip.' I lay for four weeks in bed, then when I got up I found I had 'displacement.' Had such aches and pains in my back and limbs could not stand any length of time. I knew that our home doctor would insist the first thing on an examination, and that I would not submit to, unless I was dangerously sick. My son had your book 'Common Sense Medical Adviser,' and I thought from reading it that Dr. Pierce's medicine would do me more good than all the home doctors—and so it has. I can truly say I was surprised at the benefit I received. I can do all my washing and also tend my flower garden. In fact I am on my feet most all the time. An old friend of mine said to me, 'Why what is the matter with you? You are getting young again.' I told her I had taken six bottles of Dr. Pierce's medicines, and that if she would do likewise she would feel ten years younger, too."

Dr. Pierce's Common Sense Medical Adviser paper covers is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

HOSTETTER'S CELEBRATED STOMACH BITTERS

2nd ward—
EDWARD L. HANCOCK
ALBERT D. ELDRIDGE.

3rd ward—
JAMES DEGOLYER.
HIRAM E. MCDONALD.

4th ward—
HENRY P. MILLER
DANIEL M. HOSKINS

5th ward—
EDWIN E. DOANE
THOMAS M. STEWART.

A Bartholomew county republican who has been looking over the tabulation of the vote at the state convention states with some degree of pride that he finds that his county's delegation was with the winners throughout except auditor.

JUDGING from the reports in the Indianapolis Sentinel both before and after the state convention it seems that of all the reporters about the convention the Sentinel man knew the least about what was going to be done and why the result was as it was. On the other hand the News man seems to have been next.

WILL Dr. Shields, who is a member of the township advisory board, please tell the public what the condition of Billy Densford's accounts were when he decamped? He is the last democrat who was elected to handle public funds in this vicinity. Let us have his record as shown by his books and his cash account at the time he left.

THE Democrat is now trying to charge the present city administration with extravagance but in this respect fails to convince even itself of the sincerity and truthfulness of the charge. There may have been some expenditure of money without the authority of law is in the case of the Greemann furniture factory which everybody approved and justified on the ground of public good, which like the aid voted to the Humes Plaining Mill had the sanction of the democrats. There has not been an appropriation for any purpose, lawful or otherwise, that was not supported by a majorty of the democratic councilmen. If there is blame they must bear it and if praise they may justly share it.

JOSEPH Shea is laboring hard, as he has been for a long time, to bring the water question into politics. He has his reasons for this and they are personal. This question, important as it is, is not a political question and never has been. At no time when this question was before the council have party lines been drawn on it as the records will show. Republicans and democrats have worked together in committee, signed the same reports and voted together in council, at no time dividing on party lines when this question was under consideration. All the time it has been treated as a business question and not a political question and should be so treated until it is wisely and justly settled. The matter is now in court and will be heard at Indianapolis, May 10. It is not within the power of the republicans, or democrats either, to dismiss that suit even if they desired to do so. Every act of the present administration on the water question has been approved and complimented by Jos. Shea and the Democrat. Mayor Mills and every republican nominee for the council can be trusted to deal with this question in a business way and in the interest of the people.

THE DEMOCRAT'S INDORSEMENT.

Seymour has reason to be proud of her mayor. Al Mills is a man—every inch a man. He covers no fault, nor evades a responsibility. He is honest in everything he goes about, and as to what is fair and right between man and man no one can argue against him.—Seymour Democrat.

The above from the democratic organ is highly complimentary to our worthy mayor, whose loyalty and fidelity to the interests of Seymour are admitted by all. As mayor he has given more time and energy to the duties of the office than any of his predecessors. He is always vigilant and looks carefully after the welfare of Seymour and her people. He is a faithful and steadfast friend of the people who will reelect him next week. Vote for Mills.

WHAT do you think of this? The democratic bosses have slated Frank Byrne and George Wolf for the police force in the event the election goes their way.

DIED.

JOHNSON—Thomas L. Johnson died at Henderson, Kentucky, Saturday, April 26, aged 60 years. He was formerly connected with the Arlington Hotel, of this city. John Congdon received a telegram announcing his death.

MARTIN.—Miss Alice Martin, daughter of W. H. Martin, of Owen township, died Sunday morning, April 27, aged 18 years.

A Good Contract.

D. W. Rapp and E. J. Miller, of Rockford, have been awarded the contract to build twelve miles maccadum road in Jasper county for $29,974.24. Their bid was just one cent under the estimate.

J. C. West, of the Midland, was in the city today.

Robert Stroud, of Mitchell, came up this morning to inspect the water supply pipes.

Engineer John Lemen, of the Alabama Great Southern, is home from Birmingham visiting his family.

W. C. Walters of Darlington, was a visitor here Sunday.

The J. M. & I. pile driver is at work near Crothersville.

Dr. N. A. Johnson of Washington was a visitor here Sunday.

Dr. H A. Cummings, of Clearspring, went to Indianapolis this morning.

Mrs. W. C. Spray, of Chicago, came here this morning to look after her real estate.

H. G. Solomon, of Hope, who conducted services at the city mission Sunday returned home this morning.

Mrs. E. S. Crabb and Mr. and Mrs. Ed. Bryan arrived home this morning from Leesville, where they spent Sunday.

Rev. F. C. Brown who has been holding religious meetings at the Friends church returned to Carmal this morning.

Judge Storen, of Scottburg, went to Versailles this morning to hold court for Judge New, who is not able for duty.

RISKS FIREMEN TAKE.

The Reason Engineer Brown Stuck to His Dangerous Post.

The risks that firemen in big cities take are an everlasting wonder, and the story of Bill Brown, as told by Cleveland Moffett in "Careers of Daring and Danger," shows that the engineer's bravery is sometimes put to tests as severe as those which the hose man or the ladder man even has to endure.

What happened was this: Engine 29, pumping her prettiest, stood at the corner so near the drughouse that the driver thought it wasn't safe for the horses and led them away. That left Brown alone, against the cheek of the fire, watching his boiler and keeping his steam gauge at seventy-five.

As the fire gained chunks of redhot sandstone began to smash down on the engine. Brown ran his pressure up to eighty and watched the door anxiously where the four firemen from his squad had gone into the furnace.

Then an explosion of chemicals in the building sent a flame wide as a house curling across the street, enwrapping engine and man and setting fire to the elevated railway station overhead. Bill Brown stood by his engine with a sheet of fire above him. He heard footsteps on the pavement and voices that grew fainter crying, "Run for your lives!" He was alone, and the skin on his hands, face and neck was blistered.

Brown knew why every one was running. There would be another explosion. It was tolerably certain that he must die if he stayed. But his four chums were in the fire and needed the water. If he quit his engine, the water would fail.

He stoked in coal and ran the gauge up another notch, easing the running parts with the oiler. He was offering his life for his friends.

In a few minutes the four firemen came out of the building. Then Bill Brown ran for his life with his comrades. A second or two later engine 29 was crushed by the falling walls.

Job Couldn't Have Stood It

If he'd had Itching Piles. Theyr' terrible annoying; but Bucklen's Arnica Salve will cure the worst case of piles on earth. It has cured thousands. For Injuries, Pains or Bodily Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by W. F. Peter's.

UNCLE WHITTLER.

Tells of a Conference With Another Democratic Candidate.

(The above is a picture of Uncle Whittler taken as he says, "more 'an 30 years ago, long, for I muved into the house whar I now rezide.")

How are you today uncle?

"Porely."

Have you seen any more of your candidates?

"Yaas, I drapped in tu see Noot Gibson yistirdy an I tole him sum things 'bout polyticks he never dremt uv befor. Noot tuck up his nu paper an red his platform tu me an sez, 'how is that ur kle.'"

"Now Noot, sez I, I've node yu sense yu wuz jest a chunk uv a boy ridin 'roun on a butcher waggin, an yure now more'n 45 yrs. old, an yu don't larn nuthin frum experianse. Dimecrats allus wuz powurful on platforms but pore on purformanse. My fren Mister Mercernary sed we wuz not tu hev no platform, but wuz to make a rubbur boot race like Perry Jones is, Yu orto hev kep stil an jest run as a dimecrat without no prinsepels."

"But aint my platform a dasy, an wont it ketch'em," sez he.

"No, sez I. More'n that me an MisterMercernary desided 'at the water wurks wuz no ishu, an ef it wuz, them 'at thinks fer thereselves wud be fer Ed McDonald and Jim DeGolyer an agin yu ennyway. Yure not in tech with party sekerts. This is the way we've got that water questun; Jest pay Jo Shay 'nuff munny an he'll du the fiten, he'll jest fite tel tha's nuthin in the tresury tu fite fer, an yu kep stil an as yu sed, stay with the taxpaer an hep pav the bills."

"But aint yu with me in fiten fer cheeper lite," sez he.

"Well, sez I, yu put me tu thinkin' 'bout a grate gineral my fren Dr. Sheelds ust tu tell us 'bout up tu counsel meetins. His name wuz Sanky Panzy an he cud whoop evrything 'long the rode frum a thorn bush tu a syclone. Yure a naturl bornd fiter an yore motive's gud, but yore jedgement's pore. My fokes jest red tu me tuther day 'at the old counsel hes voted fer cheeper lite an yure behind time with yore platform."

"Well yu cant object tu my agrein tu vote fer ekonemy an reform an cuttin expenses 20 pur cent, sez he. That's dimecratic aint it?"

"Tu be shore, sez I, but air yu goin tu fule enny body with it? Air yu a rich man Noot, sez I?"

"No, sez he, I'm powurful hard up."

"Jest as I 'xpected. Now yure proposin tu run this guvrnment 20 pur cent cheeper'n enny body else kin. Ef yu cud du thet, yu'd be a grate finanseer an yu'd bin a ritch man long time ago. Nobody bleeves yu kin du what yu say, an ef yu aint keerful yore repetashun will be hert But sposin yu did save 5 sents in berryin' a ded dog as George Hoover sed he wud, yu'd spent en times more in useles fiten. Yure a troo dimecrat an yu bleeve in konomizen in axel greese ef yu luse a wheel in duin it."

"Well I'll git all the votes north uv the ralerode an be lect-d alrite, sez he."

"Yure rong agin. Yore jografy is rong. The ralerode has swallered up 'bout all the 3rd ward property 'cept in yoren north uv the O. & M an tha dont nede a counselman up here. Tha'll beet yu on thet ishu an yu better kep still. He sed he wud an promised tu sen me his paper free fer my gud advise, but dont tell my fren uv the Dimecrat.

A Raging Roaring Flood.

Washed down a telegraph line which Chas. C. Ellis, of Lisbor, Ia., had to repair. 'Standing waist deep in icy water," he writes, "gave me terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs Colds and all Throat and Lung troubles by W. F. Peter's Price 50c and $1.00.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

HIS HORSES WERE WOODEN

But All the Same He Had to Pay For a Livery License.

As "his honor" sat on the bench from which even handed justice was dispensed in the town of Lavilla, which flourished way down in Florida before the days of Greater Jacksonville, he was amazed to note among the prisoners at the bar a "paleface."

Casting the eagle eye of the law over the room, he was agitated still more to observe a "biled" shirt and standing collar and that these were worn by another white man.

The marshal, being called on, explained that one white gentleman was arrested by him for running a "flying jinny" without a license, and the other was his lawyer. To a man cast in a less heroic mold than the mayor such complete smashing of all records and invading of precedent would have been a Waterloo. A white man arrested in Lavilla and a lawyer appearing to plead in its court! To what are we coming?

Repressing all signs of such a strain on his judicial composure, the mayor announced that to fittingly mark so great an occasion he would disregard the calendar and take up the white man's case first.

The lawyer demanded the immediate discharge of the prisoner on the ground that there was no ordinance requiring "flying jinny" to pay a license and threw the court on its "beam ends" by asking for a copy of the ordinance book.

No one had seen it in years. Many doubted if there had ever been one. A whispered consultation was held between the mayor and the marshal and a search instituted which revealed the book, with a brick on top of it, supplying the place of a missing leg of the stove.

After looking vainly through the book for law on "flying jinnies" his honor delivered judgment as follows:

"Ordinance No. 11 requires all keepers of livery stables to pay a license of $10 and imposes a fine of twice the amount for running without a license. The defendant must pay both the fine and the license."

"But," objected the lawyer, "this man don't run a livery stable; he runs a 'flying jinny.'"

"He keeps horses for hire, doesn't he?"

"Yes, but they are wooden horses, and he charges a nickel for one ride."

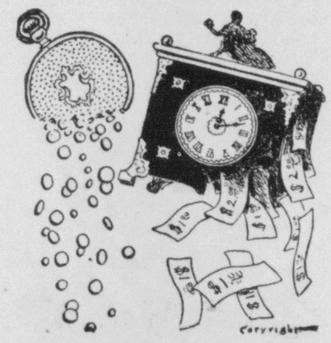

"The ordinance makes no fine distinction. It says livery stables require a license. A livery stable is a place where horses are kept for hire. It makes no difference whether they are wooden horses or 'meat' horses. Next case, Mr. Marshal."—New York Mail and Express.

Dickens Said She Was a Woman.

It is said of George Eliot's literary style that its most marked characteristic is sympathy. And long before her identity had become known Charles Dickens, a singularly acute critic of his own art, detected her sex by this undercurrent of womanly sympathy. He had been reading "Scenes of Clerical Life," which had been sent to him by the publisher, and on putting the book aside he said, "Well, this writer possesses great ability, but I should say, despite the name, that George Eliot is a woman."

Tis Easy To Feel Good.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at W. F. Peter's drug store.

Denies the Report.

Washington, April 28.—Bishop Thos. Jas. Conaty, rector of the Catholic university of Amercia, emphatically denies a published report that he contemplates resigning the rectorship of the university. He says there are no dissensions at the university and that he has no intention of resigning.

Spotted Fever Outbreak.

Missoula, Mont., April 28.—The spotted fever scourge in the Bitter Root valley has broken out with greater violence than at any time known in the history of the peculiar disease. Eight persons have died of the malady within a week and several others are dangerously ill.

TERSE TELEGRAMS

The crop reports of the German empire show that good conditions prevail everywhere.

Thirty-three bodies have so far been recovered from the wreck of the steamer City of Pittsburg.

Five persons were hurt in the wreck of a passenger train on the Grand Trunk road at Haskells, Ind.

Three persons are dead and thirty are injured some of them fatally, victims of a tornado that struck Joplin, Mo.

A disastrous fire visited Glens Falls, N. Y. Sunday, causing a property loss estimated at over half a million dollars.

Storm damage in Sioux City amounted to over $25,000. Nearly every residence and business house suffered from torn roofs or broken glass.

Hon. J. Sterling Morton, former Secretary of Agriculture, died Sunday afternoon at the home of his son Mark Morton, at Lake Forrest, Ill.

The eighth annual meeting of the National Municipal league, and the tenth national conference for good city government will be held at Boston, May 7, 8 and 9.

Samuel K. Tadlock, aged seventy, died suddenly at Jonesboro, Tenn., and when his sister, Mrs. Nancy J. Good, went into the room to look upon his face she sank down and died.

J. C. Arvin, a cripple, twenty years old of Tebbroke, Ky., committed suicide at Chicago by shooting himself. He left a note saying his despondency had weighed heavily on his mind.

Value of Time.

The value of odd minutes is illustrated by a story told in a curious little volume of advice printed in England. A large firm required a manager for one of its departments and appointed 12 o'clock for arrangement of terms with the selected applicant. He arrived at five minutes past 12, to find a dozen directors waiting, the chairman watch in hand. The chairman announced that they could not engage a subordinate who had wasted an hour of his employers' time, and on the applicant deprecating such exaggeration the chairman explained that each director had wasted five minutes and that made an hour in all.

You Might Trim Your Walls With Flowers.

—Real violets, roses, lillies-of-the-valley—almott any blossoms,—and they won't be a bit prettier than the wall paper we have. Besides it would cost more, and be lots of trouble. We will put any paper you select on any room in your house and we will make no muss or bother. Papering has come to be such a science nowadays, and paper is so cheap, that people don't wait until spring cleaning. They change the paper on their walls. Whenever they get tired of it, or it is the least soiled.

We're at your disposal at anytime, go anywhere, and do all kinds of work from the cheapest to finest.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

Important Corset News to Ladies.

Who Desire Perfect Fitting Comfortable Corsets.

IT ISN'T OFTEN that we devote so much of our advertising space to corsets. We make the mistake perhaps that many other dealers do, that the corset department should take care of itself. Our corset stock is certainly the best in the city and better than usually found in larger cities.

In connection with the celebrated American Lady Corsets we have added the the well known and highly advertised P. N. Corsets to this department and are exclusive agents.

No. 711 P. N.—Is for a stout figure and requires a long skirt corset. Same to hold down the flesh over large hips, firm and round effect. Gives beautiful curves over the hips to waist line. Has a full bust and should be laced very tight from waist line up. Sizes. Price.....$1.00

721.—Is a short bastiste corset, especially adapted to one who is not very tall but of medium height. This will produce a long waisted effect, forcing out nice round hips, Sizes. Price.....$1.00

725.—Is a short medium length corset, long waisted, short over the hips, low in the bust. Sizes. Price.....$1.00

771—Is a medium short corset from the waist line down, extra long from the waist line up. For one who is extra long waisted and who has not any hip measurements. Sizes. Price.....$1.00

714—Is a medium full hip corset, medium length, medium short from the waist line up. For one who is not full in the bust but rather tall figure. Sizes. Price.....1.00

720—Is a batiste corset, medium full hip, medium length, medium short from the waist line up. For one who is not full in the bust but rather tall figure. Price.....$1.00

724—Is for a short stout figure who is long through the hips and who has a very short waist line under arm measurements. It is full in the bust and should in every case be laced with thin strings. Price $1.00

571—Is for a short figure that requires a long skirt corset. Price...$1.00

906—Is a medium short corset for the average figure. Price.....$1.00

590—Is a practical side corset. Especially adapted for stout figures. For those who are constantly breaking their corsets down on the side. The four side steels can be removed and reversed when the corset becomes shaped to to the body, reproducing a new effect. Price $1.75

801—Is a corset for short stout figures, For one who has very large hips, short waist line under arm measurements. Price.....$1.25

597—Is a French Coutil Corset, is extra long from the waist line down For one who is very stout to hips and abdomen. Medium length from the waist line up under arm measurements. Price.....$3.00

LADIES.	GENTS.
Miller Mrs. Marion B.	Lockman Mr. Farrell
Thonson Miss Ethel Peacock	Mr. Ed

W. P. MASTERS, P. M.

All children love animals and especially animals which appear to them on account of their size. With The Sipe Educated Animals and Lilliputian Shows. All of the animals are lilliputains. The elephants are of such a diminutive size the no child is afraid of them, the ponies range in height from 14 inches to 32 inches, the dogs are all small in statue even if they are extremely apt in all sorts of tricks. Everything with the show is on a miniture scale. The cages in which the animals are transported are exact reproductions of the kind used by the larger shows, with beautiful carvings and gilded gorgeously but they are about one-fifth the size of the average cage used by tented shows. In addition to this all of the animals acts are put on by small children and are the more enjoyable on that account.

Convincing proof of the efficacy of Ely's Cream Balm, the greatest of catarrh remedies, is certainly cheap. A generous trial size costs but 10 cents. Full size 50 cents. Sold by druggists everywhere or mailed by Ely Bros., 56 Warren street, New York.

135 Mill Street, Lexington, Ky.

Messrs, ELY BROS.:—After giving your Cream Balm a trial I can truly say I feel very much benefitted by its use and shall continue to use it by purchasing from your druggist herc.

MRS W. B. DANIEL.

PERSONAL.

Mrs. T. H. Lemens, of Seymour, is visiting relatives here.....Miss Carrie Waggoner was at Seymour, Friday ...George Jacobs was at Seymour Friday.—Washington Gazette.

Residence Burned.

The farm residence of Frank Miller, near Vallonia, was burned to the ground Saturday afternoon. Mr. and Mrs. Miller were away from home at the time. Origin of fire not known. Loss about $700.

Condemned in Missouri and Confiscated in New York.

Judge Clarke, of St. Louis, has convicted and fined heavily a number of grocers for selling baking powders containing alum.

The week before the Health Department of New York seized a quantity of stuff being sold for baking powder which they found was made from alum mixed with ground rock, and dumped it into the river.

The Health Authorities are thus taking effective means to prevent the introduction into our markets of injurious substitutes in place of wholesome baking powders.

As alum costs only two cents a pound, there is a great temptation for those manufacturers who make substitutes and imitation goods, to use it Alum baking powders can be detected by the health authorities by chemical analysis, but the ordinary housekeeper, whose assistance in protecting the health of the people is important, can not make a chemical examination. She may easily know the alum powder however, from the fact that they are sold at from ten to twenty cents for a pound can, or that some prize—like a spoon, or glass, or piece of crockery, or wooden ware—is given with the powder as an inducement.

As people continue to realize the importance of this subject and consumers insist on having baking powder of established name and character, and as the health authorities continue their vigorous crusades, the alum danger will it is hoped, finally be driven from our homes.

Can make Extra Money.

Rural mail carriers are to have a chance to make a little extra money on the side by the terms of an amendment which the senate made to the postoffice appropriation bill. The measure has passed both houses and is now before the committee which is trying to agree on this and other amendments. It provides that a carrier can do express package business in addition to carrying the mail, provided it does not interfere with his official duties; also that they can administer oaths in executing pension vouchers, and charge 25 cents per oath.

Hot Water Heating.

The contract for the largest hot water heating plant ever installed in Jackson county was awarded to the Cordes Hardware Company Saturday evening by the Seymour school board, their bid for the work being the lowest. They will install this splendid system of heating at the Shields school building and the Park school. The present tendency is towards this plan of heating all public buildings.

Surprised.

Albert Ahlbrandt was given a very pleasant surpise at his home on Laurel street Sunday evening, the occasion being his 30th birthday. The male choir of the German Lutheran church and a host of other friends were present and spent a delightful evening.

Jesse James.

The history of this wonderful man has made a play that pleases all classes of people showing that while we are familiar with the bad side of his life, that there was a better and brighter side the world knew not of. His love for his home, mother and brothers, his loyalty to his friends, his devotion to his wife and family is a fact which all young men should know and follow through life. Opera house Wednesday night.

H. E. McDonald's Business Standing Abroad.

Since the Democrat and the democratic bosses have made a personal attack on H. E. McDonald we reproduce from one of the leading trade journals of the country the article below. Everybody in Seymour knows that Mr. McDonald is a successful manufacturer of large experience and one of Seymour's most valued and loyal citizens. This article, which was published during the stave famine some time ago, shows Mr. McDonald's high standing abroad as a business man and as a manufacturer of staves. Following is the article in full:

"There is a great difference in the quality of barrel staves, and as this fact is well known, it is unnecessary for us to enter into any lengthy detail thereon, and will, therefore, proceed at once to the point, and state that the purport of this editorial is not to discuss a subject that would require the lengthy technical treatment involved in an enumeration of the points that would necessariliy have to be considered in a thorough review, but to answer inquiries received from interested subscribers who have requested us to recommend a reliable firm engaged in the manufacture of tight barrel staves, that are kiln-dried, jointed and planed. These requests were elicited by the Review's offer of free investigation of any line of manufactured article about which its subscribers may have occasion to inquire, and realizing the importance of selecting from the many firms engaged in this line, the one that has the best facilities for promptly attending to, in a conscientious way, rush orders, by mail or telegraph, and delivering at a specified time, exactly the style required goods, as well as to ascertain which one has the finest stock of kiln-dried materials, resources, and is the best equipped, we thoroughly investigated the firms engaged in this line, and took into careful consideration their past record for reliability, as well as their present reputation for business integrity.

The result of our investigation was such as to convince us that it is the plain performance of our duty to the Review's inquirers to extend our unsolicited indorsement to the firm of H. E. McDonald, who are located in the famous timber belt of Indiana, at Seymour. This firm is in a position to furnish car lots of the finest kiln-dried, jointed and planed tight barrel staves that it has ever been our privilege to examine, and while their thorough business methods and commercial standing are such as to insure prompt and courteous treatment to all who ins trust to their keeping the filling of orders by mail or telegraph in a manner as satisfactory and painstaking as if the customer were on the ground in person.

We pronounce H. E. McDonald's tight barrel staves to be one of the best on the market, as demonstrated by a thorough investigation which was conducted without the commended firm's knowledge, and while we have no interest in the firm of H. E. McDonald, duty demands this unsolicited and unequivocal recommendation, without financial reward or advertising favor, being prompted solely by the honest desire to serve with reliable information those who have addressed us upon this subject."

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken interally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

Liquid Electricity is a disinfectant and antiseptic; allays inflammation, kills germs and relieves instantly. Cox's Pharmacy. m6t-t-s

WALL - PAPER.

Rheumatic Warped Limbs.

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active, they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pain through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right.

The most effective kidney remedy known to man is Dr. A. W. Chase's kidney-Liver Pills. They cure rheumatism permanently by making the kidneys active in their work of removing the uric acid from the blood.

Mr. William J. Coad, No. 65 Brunson Street, Oswego, N. Y., writes: "I am very glad to praise Dr. A. W. Chase's Kidney-Liver Pills, and tell what they have done for me. I suffered for many years with severe constipation, rheumatism and kidney trouble, and could get no relief until I tried Dr. A. W. Chase's Kidney-Liver Pills. In them I found immediate relief, and can honestly recommend them to other sufferers."

One pill a dose. 25c. a box at all dealers, or Dr. A. W. Chase Medicine Company, Buffalo, N. Y.

PASSION PLAY REALISTIC.

The Effect of the Acting Upon One Woman's Nerves.

In The Woman's Home Companion Lilian Bell writes of her experiences at Oberammergau and of the impressions made upon her by the great Christ drama. She concludes with these vivid words:

"As to the play itself, I wish I need say nothing about it. My mind, my heart, my soul, have all been wrenched and twisted with such emotion as is not pleasant to feel nor expedient to speak about. It was too real, too heartrending, too awful. I hate, I abhor, myself for feeling things so acutely. I wish I were a skeptic, a scoffer, an atheist. I wish I could put my mind on the mechanism of the play. I wish I could believe that it all took place 2,000 years ago. I wish I didn't know that this suffering on the stage was all actual. I wish I thought these people were really Tyrolese peasants, wood carvers and potters and that all this agony was only a play. I hate the women who are weeping all around me. I hate the men who are letting the tears run down their cheeks and whose shoulders are heaving with their sobs. It is so awful to see a man cry!

"But, no; it is all true. It is taking place now. I am one of the women at the foot of the cross. The anguish, the cries, the sobs, are all real. They pierce my heart. The cross, with its piteous burden, is outlined against the real sky. The green hill beyond is Calvary. Doves flutter in and out, and butterflies dart across the shafts of sunlight. The expression on Christ's face is one of anguish, forgiveness and pity unspeakable. Then his head drops forward on his breast, it grows dark, the weeping becomes lamentation, and as they approach to thrust the spear into his side, from which, I have been told, the blood and water really may be seen to pour forth, I turn faint and sick and close my eyes. It has gone too far. I am no longer myself, but a disorganized heap of racked nerves and hysterical weeping, and not even the descent from the cross, the rising from the dead or the triumphant ascension can console me or restore my balance. The Passion play but once in a lifetime."

The Listener at the Door.

"Did she say, 'This is so sudden?'"

"No; her mother was listening at the keyhole, and she didn't dare to throw on any frills."

"How do you know her mother was there?"

"Because stooping over shuts off her wind, and you could hear her gasping all over the room."

"Well, what did Minnie say?"

"She whispered: 'Cut it short, Jack. Ma is apoplectic.'" —Cleveland Plain Dealer.

How It's Done.

The first object in life with the American people is to "get rich;" the second how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer another day. Two doses of the well-known August Flower will relieve you at once. Go to W. F. Peter's Drug Co. and get a sample bottle free. Regular size, 75 cts. Get Green's special almanac. 1

Passenger Elevators.

So common are passenger elevators now and so absolutely necessary in the tall office buildings that the history of the first one has been almost forgotten, and yet it created a sensation in its day. This elevator was placed in the Fifth Avenue hotel in New York when it was built, and as the first passenger elevator in the world it was a drawing card as one of the sights of New York. A small plate suitably inscribed informs visitors to the Fifth Avenue hotel elevators today of that fact. It was a screw elevator, the carriage being raised or lowered by the revolutions of a big screw. Compared with the swift moving elevators of today, which shoot up and down rapidly and smoothly, this was a very crude affair. Many of New York's private houses are now equipped with elevators so adjusted that the passenger operates them by pushing a button. These are practically automatic.

Proved His Love.

"Are you sure it is really and truly love?" she asked.

"Positive," answered the practical young man who had just proposed. "I tested it."

"Tested it?"

"Yes. I doctored myself for indigestion for two weeks before definitely deciding just what the symptoms meant." —Chicago Post.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely, "but," he writes, "I used one bottle of Electric Bitters and 1 1-2 boxes of Bucklen's Arnica Salve and my leg was well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. W. F. Peter's will guarantee satisfaction or refund money. Only 50 cents.

Ringling Bros.' Shows.

On account of Ringling Bros.' shows at Bedford May 13th, the Southern Indiana railway will sell tickets to Bedford and return at one fare for the round trip. Good oing May 13th returning same day.

J. M. CLARK, Agent.

E. W. Grove — This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

MATTER AND FORCE.

ENERGY CANNOT BE CREATED NOR CAN IT BE DESTROYED.

If Puny Man Could Accomplish Either of These Impossible Things, He Could Cause "the Wreck of Matter and the Crash of Worlds."

If you could imagine an earthworm trying to run the Niagara Electric Lighting and Power Transmission works, you would have some faint idea of the capacity of the greatest human genius that ever lived to run the visible universe. That is probably why the wisest of us is not permitted to understand the final secrets of nature.

Here is a good example. Take a rifle into a place sufficiently far from the habitations of men; put the butt on the ground and support it so that the barrel points straight up and pull the trigger. The bullet will leave the muzzle with a velocity of, say, 3,000 feet a second. It will rise to an enormous height, come to a standstill for an infinitesimal fraction of a second and begin to fall back again. It will strike the earth with very nearly but not quite the same velocity as it left the muzzle of the gun. It would be exactly the same but for the resistance of the air.

What has happened is this: The explosion of the powder has changed a solid into a gas, and the expansive energy of this has driven the bullet upward. In other words, it has for the time overcome that mysterious force by which the earth draws everything toward its own center.

But when the energy of the exploded powder is exactly balanced by the pull of gravitation the bullet falls back. In the first second after its turn it falls 16 feet, in the next 32, in the next 64, in the next 128, and so on till it returns with ever increasing velocity whence it started.

Nothing has been lost, nothing gained. The gases set free by the explosion of the powder weigh exactly as much as the solid. Some of the energy has been used as heat, some in propelling the bullet. Gravitation, overcome for awhile, has reasserted itself. The sum of matter and force in the universe is absolutely unchanged.

This is as true of the quickened beat of a girl's heart when she meets her lover as it is of the march of the planets and suns through the fields of space. Every atom of matter, every unit of force, throughout the universe is constant, external and exactly balanced, and the whole strength and genius of humanity could not increase or diminish them by the slightest fraction.

Now, let us imagine what would happen if man could make that bullet strike the earth with greater or less force than it left the muzzle of the gun He would either have increased or decreased the total of universal energy, and in either case he would have thrown first the solar system and then the whole universe out of gear.

The earth and all the other planets would begin to revolve in different orbits. The sun, with its family of worlds, would alter its path round the unknown center about which it revolves. Then world would be hurled against world and sun against sun, and stars and planets would be reduced to the flaming gases from which they cooled into solids and liquids before time began to be.

Just the same catastrophe would happen if man could either create or entirely destroy a grain of sand on the seashore. The balance of the universe, in which swing stars and planets, whose weight is inexpressible in human figures (this tiny world of ours weighs 6,000,000,000,000,000,000,000,000 tons), is infinitely more delicate than that which the chemist has to keep in an airtight case and at an even temperature lest a breath of air should throw it out of gear.

Thus the destruction or creation of a grain of sand would change the orbit of the earth round the sun. In the one case it would be drawn closer and closer to the sun, perhaps after thousands of revolutions to be swallowed up in fiery ruin. In the other case it would gradually leave the sun and year by year wander farther away into regions of space where human life would be impossible.

The result of the dislocation of such a stupendous system, which has worked with unfailing exactitude for countless ages, is, of course, utterly beyond the scope of human imagination, and yet such a seeming trifle as the creation or destruction of a single grain of sand might, and probably would, plunge it into utter chaos and ruin.—Pearson's.

His Ability.

"And how is my old school friend Bimson getting on?" said the man who had returned to his native city after a long absence.

"Oh, he's doing first rate."

"But he was such a bright boy we always expected he would display especial ability."

"Well, I don't know that he hasn't displayed especial ability."

"I never hear him mentioned in connection with any of your elections."

"No; that's just the point. He has shown ability to go ahead quietly and build up a business. He doesn't have to run for office." —Washington Star.

Critical.

She—You don't love me as much as you did or you would have stayed longer last night.

He—But you insisted on my going.

"And if you had loved me you would not have gone."—Detroit Free Press.

Greatness is to take the common things of life and walk truly among them.—Olive Schreiner.

HOARFROST.

The Fabric Out of Which This Feathery Whiteness Is Built.

Commonly hoarfrost is described as being frozen moisture, but this is not an adequate description of an agent that has the power of adorning in a few hours such prosaic objects as gateposts and dustbins with all the trappings of fairyland. Moisture is indeed the fabric out of which all this feathery whiteness is built up; but, although it seems sometimes as if it is disturbed in a very capricious manner, there are nevertheless certain definite circumstances which cause the hoarfrost to settle down on some surfaces rather than others. On any cold and frosty morning it will usually be found that those surfaces that are the best radiators of heat are also those that are the most successful in collecting hoarfrost. It is not always realized, however, that all objects are continually radiating heat, so that, no matter how much they may receive from the sun, they are constantly trying to get rid of it.

A fern leaf or a stone may perhaps receive generous supplies of heat during the day, but as soon as night comes it hurries to spend or radiate it, and the object that is quickest at this work will soon become covered in hoarfrost. Every one has observed how the moisture from the air will settle on the outside of a glass of cold water brought suddenly into a warm room. A similar process takes place in the open air, so that as the currents of moist air travel across surfaces that are very cold they pay tribute in drops of vapor, which in warm weather take the form of dew and in cold of hoarfrost. Moisture therefore plays a very important part in the development of these hoarfrost pictures. But there must not be too much of it. Some of the most delicate designs occur during the prevalence of mist and haze, and in towns especially it is no uncommon thing for a choking brumous fog to be in some degree compensated for by a subsequent display of copious hoarfrost.—Knowledge.

HOUSEHOLD HINTS.

Kid gloves will not mold if you pack them away carefully in a dry place.

The appearance of a grate may be improved by rubbing it over with a piece of old velvet after it has been polished in the usual way.

Metal teapots should have a lump of sugar put inside them before they are put away, otherwise they are apt to remain damp and acquire a musty flavor.

Loops for hanging up garments are continually breaking. A serviceable loop is made by cutting a strip of kid from an old glove, rolling in it a piece of coarse string and sewing the edges of the kid neatly together.

Gilt frames may be revived by beating up the whites of eggs with an ounce of soda and then, after blowing the dust from the frames with the bellows, rubbing them over with a soft brush dipped in the mixture.

Experts in cut glass advocate the following as the best means of cleaning: Wash the glass thoroughly with warm soapsuds and cover with sawdust. As soon as the sawdust is dry brush the article very carefully with a soft brush, reaching all the crevices. It will come out as clear and sparkling as a bubble fresh from the pipe.

Abbreviations In Letters.

Emerson said that "in a letter any expressions may be abbreviated rather than those of respect and kindness Never write 'Yours affly.'" But, be it said with all respect, this smacks of pedantry. The close of a letter is mere formula and is precisely that part which in writing to a friend may without risk of misunderstanding be cut short or dispensed with. But no haste or degree of familiarity excuses careless expressions in the letter itself. Written words stand by themselves. The tone of the voice and the glance of the eye, which often convey more than half the meaning, are not there as footnotes. Many and many an unintentional sting has been planted by a clumsy phrase or halting expression. The same principle holds good in conversation.—Blackwood's Magazine.

Man Made Volcanoes.

A man made volcano exists in Belgium, which has been burning continuously for nearly 100 years and emits vast columns of black smoke, rendering the neighboring country barren, baked and utterly unprofitable.

At Brule, France, is even the most remarkable volcano made by man. Originally it was a mass of coal, millions of tons. One day about a century ago the coal caught fire, and it has never ceased burning. The summit of the smouldering mass has a genuine crater.

Not Necessary to Talk Much.

"You know," she said, "I am not much of a conversationalist."

This seemed to him the opportunity for which he had been waiting.

"Well," he returned, "if I do the preliminary talking your conversational ability will be sufficient to enable you to say 'Yes,' won't it?"

After all, in courtship there is nothing like getting your answer before you ask the question.

Cause For Doubt.

"A public official," exclaimed the ordinary man heatedly, "should be our servant. But is he?"

"Hardly," ventured the suburbanite. "He stays with us too long for that."—Judge.

Be always beginning. Never think that you can relax or that you have attained the end. If we think ourselves more than beginners, it is a sign that we have hardly yet begun.

E. W. Grove — This signature is on every box of the genuine Laxative Bromo-Quinine Tablets the remedy that cures a cold in one day.

SEYMOUR, FRIDAY, MAY 2, 1902.

CHEAP TO CALIFORNIA.

HE BURLINGTON'S VERY LOW ONE-WAY SETTLERS' RATES.

Every day during March and April, only $30.00 from St. Louis, $33.00 from Chicago to California terminals via Burlington Route, Denver, Scenic Colorado and Salt Lake City.

Special through tourist sleepers to San Francisco and Los Angles personally conducted over the above route (through Colorado's wonderful scenery by daylight) every **Wednesday and Friday Night** from St. Louis and Chicago. Secure through berths at the earliest date during this rush, in these Burlington excursions, the best of all to California.

Two great Coast trains daily with free chair cars.

NORTHWEST RATES.

Cheap settlers's rates to the Northwest daily during March and April, 1902.

"The Burlington-Northern Pacific Express" is the only through train carrying through equipment from St. Louis carrying through equipment from St. Louis and Kansas City to the upper Northwest region.

HOMESEEKERS EXCURSIONS.

These are run the finest and third Tuesdays of each month to the entire West and Northwest. Ask agent for details.

Do us the favor to write us of your proposed trip and let us advise you the lowest cost, the best route and trains, send you printed matter free and assist you.

F. M. RUGG, T. P. A., 604 Pine St., St. Louis, Mo.
